## PT-9500PC Specifications

### PRINTING FEATURES

- Crisp, professional-quality 360 dpi printing of text and graphics
- Prints durable laminated labels from 1/4" to 1 1/2" wide
- Prints Avery® address, return address, and file folder labels\* simply by switching cassettes
- Prints from Microsoft and text-formatted databases (\*.csv, \*.xls, \*.mdb)
- Prints 1 line at 91 point size (1.1") or up to 16 lines

### LABEL-DESIGN FEATURES

- Includes pre-designed telecom/datacom and other industry templates plus hundreds of industrial and business symbols and clip art
- Design and save your own custom templates
- Accepts all TrueType® fonts
- Prints 16 scannable ANSI x3.182 compliant bar code symbologies
- Prints .gif, .jpg, JPEG, TIF/TIFF and other graphic formats
- Import text and graphics from leading office software suites
- Prints serialized alpha/numeric labels

### EASE-OF USE FEATURES

- Built-in automatic cutter (makes easy-peel labels)
- Uses interchangeable TZ and AV tape cassettes
- Includes USB and RS-232C serial interfaces for connection to a computer
- Compatible with Windows 98/Me/2000 Professional/XP and Mac OS 8.6 to 9.x, OS X 10.1 to 10.2.6

### CARTON CONTENTS

- PT-9500PC Label Printer
- AC Adapter
- Serial Interface Cable
- CD (Design Software & Drivers)
- Tape Catch Tray
- USB Cable
- One TZ261 1 1/2" Black on White TZ Laminated Tape

### SPECIFICATIONS

- Powered by AC Adapter (included)
- Unit Weight: 1.2Kg / 2.64 lbs.
- Unit Dimensions: 4.6"(w) x 5"(h) x 7.5"(d)
- One year limited warranty

### 16 BAR CODES

- CODE39
- 1-2/5(ITF)
- UPC-A
- UPC-E
- EAN13
- EAN8
- CODABAR (NW-7)
- CODE128
- EAN128
- POSTNET
- ISBN-2
- ISBN-5
- PDF417
- QR CODE
- Data Matrix
- Laser Bar Code

### PT-9500PC SYSTEM REQUIREMENTS

Port	Microsoft® Windows®		Macintosh
	Serial port (RS-232C)	USB 1.1 port	USB 1.1 port
Operating System	Installed with Microsoft® Windows® 95 <sup>1</sup> , NT 4.0 <sup>1</sup> , 98, 98SE, Me, 2000 Pro or XP	Pre-installed with Microsoft® Windows® 98, 98SE, Me, 2000 Pro or XP	Installed with Mac OS 8.6 to 9.x or Mac OS X 10.1 to 10.2.6, and equipped with a USB port as standard equipment
Memory	Minimum 64 MB		Minimum of 24 MB of available memory
Hard-Disk Free Space	Minimum of 70 MB of available hard-disk space <sup>1†</sup>		Minimum of 100 MB of available hard-disk space <sup>1†</sup>
Others	CD-ROM drive (required to install the software)		

## Uses interchangeable TZ tape cassettes.\*

### Standard Adhesive Tape – Laminated

#### For Flat, Smooth Surfaces, Indoors and Outdoors

##### Perfect for labeling:

- File folders and binders
- Name badges
- Small signage

Our standard adhesive tapes are designed for flat, smooth surfaces, and resist water, grease or grime – the laminated surface wipes clean – and fading and abrasion. They also withstand temperatures from -30 to 100 degrees C and can be used for indoor and outdoor applications.

26.2" long, unless otherwise noted	1/4"	3/8"	1/2"	3/4"	1"	1 1/2"

For a system with Microsoft® Windows® NT 4.0, 2000 Pro or XP, be sure to install it from an account with administrator privileges.

<sup>1</sup> With Microsoft® Windows® 95 and NT 4.0, connection is possible only from a serial port. Internet Explorer 3.02 or later is required for installation. In addition, when using NT 4.0, Service Pack 6 or later must be installed, and Internet Explorer 5.5 is needed for clip art. P-touch Quick Editor and P-touch AV Editor cannot be used with Microsoft® Windows® 95 and NT 4.0.

<sup>††</sup> The hard-disk free space is required for installing all options. Additional hard-disk space required for HTML manual.

\* Requires additional purchase

For P-touch information, call 1-877-4PTOUCH (1-877-478-6824)

ELECTRONIC LABELING SYSTEM

**Advanced printing features allow you to produce crisp text, bar codes and more, on crack and peel laminated labels - fast.**

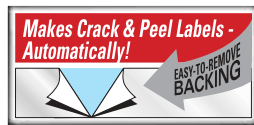

## PT-9500PC Features

### • Fast, 360 dpi high-resolution printing

- Prints crisp text and graphics — even photos — on laminated labels, at up to 20 mm/second
- Prints scannable ANSI x3.182 compliant bar code labels

### • New half-cutter — allows easy-to-remove backing

- Industrial strength cutter
- Produces easy-peel labels one at a time or in strips

### • Professional features

- Easy-to-use industrial, office, telecom/datacom templates
- Auto incrementation feature, for fast serialized labeling

### • Print labels from databases

- Accepts \*.mdb, \*.csv, and \*.xls formats

### • Easy USB or serial connection to your PC or Mac®

- USB cable, serial cable, design software & drivers included

## Includes P-touch® Editor software

**Turns your PC or Mac® into the ultimate label creation station!**

### Easy-to-Use Label Design Tools

- Pre-defined telecom/datacom, industrial, and general office templates
- Auto-incrementation for alpha/numeric serialized labels
- Store commonly and recently used files

### Import Text and Graphics

- Drag and drop text from other software applications
- Import custom designed .jpg, .jpeg, .bmp, .tiff files

PROPERTY OF  
BROTHER INTL.  
#125037

### Print Bar Codes, Symbols, and Graphics

- ANSI x3.182 bar codes, 16 standard formats including 2D bar codes
- Industrial symbols and graphics
- Clip art library

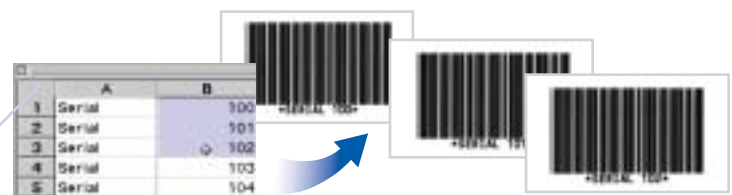

Professional Labeling System

### Import and Print Data from a Database

- Import database and Excel files

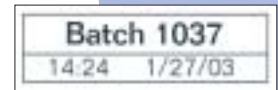

# PT-9500PC Industrial Labeling Solutions

## Asset Management

Making "property of" and other asset management tags to protect your valuable assets has never been easier. With easy to use PT-editor software features like:

- 16 built-in [industry standard protocols](#)
- [Database connect](#) – connect P-touch label templates with your databases to create custom labels with **YOUR specific company data**
- [Automatic serialization](#) – making tasks like labeling warehouse bins easy

And with our **Tamper Evident Laminated labels**, you can create asset management tags that leave a distinctive pattern when removed. Now your assets and your company can be protected.

Property of KM&A  
Serial # 125037

## Telecommunications

Patch panels, faceplates and switches come in varying sizes and layouts. With the PT-9500PC, creating custom templates to create labels for your specific telecommunication equipment is simple. Simply use:

- [Built-in](#) sample telecom and datacom [templates](#) and input your data and print labels
- Included [industry specific symbols](#) to customize the look and feel of your label
- [Easy editing features](#) to create custom label templates
- [Print options](#) to create labels that contain [rotated](#), [vertical](#) and [horizontal text](#)

Use in conjunction with our **Extra-Strength Adhesive laminated tapes** that adhere securely to rough, textured and powder-coated surfaces and our **Flexible ID laminated tape** for wrapping and flagging.

7W01-T1

7W01-F1

## Manufacturing and General Office

In any manufacturing location, the ability to print labels that withstand the harshest of environments with a machine that can handle the dirt, grease, grime and common industrial solvents, like acetone, is essential. With the PT-9500PC, the capability to produce labels to handle all of these conditions is covered. Utilizing the PT-9500 capabilities to:

- [Print laminated labels](#) from 1/4" to 1 1/2" wide
- Print up to [16 lines](#) on a single label
- Print at [fast speeds](#) up to 20 mm/second
- Print strips of [easy-peel labels](#) for minimized tape waste and easy tape peeling
- Print [multiple labels](#) with the repeat print function

And when used with our **Standard Adhesive laminated tapes** – available in a wide range of colors and styles – that withstand temperatures from -30 to 100 degrees C, these labels are ideal for the harshest of conditions – inside or out.
